Webinar: Building A Path to Success: How to Develop Your Technicians from Level 1 to Sr. L

04:00 PM - 05:00 PM EST

Are you struggling to retain great technicians—or worse, losing them to competitors after you've invested time and money into their training?

Join this webinar where we'll walk you through how to structure a clear, strategic professional development pathway for your technicians—from entry-level all the way to Senior Lead Tech.

What You'll Learn:

- *How to define and implement a 3–5 year growth plan for Level 1, 2, and 3 Techs and KPIs that should be tracked at each level*
- *How to use Alarm Academy courses to build knowledge and skill at each stage*
- *The power of assessment tests to track progress and promote readiness*
- *How to leverage IAF's Workforce Development Toolkit to standardize training, set clear expectations, and reward achievement*
- *Tips on tying training milestones to raises, promotions, and retention strategies*

Whether you're onboarding new hires or trying to grow your team from within, this webinar will give you the roadmap, tools, and support system to turn "just a tech" into a future leader in your company.

Who Should Attend?:

Company Owners, Operations Managers, Training Coordinators, HR Managers

Bonus: Attendees will receive an exclusive Professional Development Pathway Template to customize and implement in your business immediately!

IAF BDA Town Hall & South Regional Meeting-Fall Road Show!

Fire Tower Miami

8000 NW 21st St

Miami, FL 33122

04:00 PM - 07:00 PM EST

One of the most talked about facets in the Life Safety Industry today is that of the installation process for BDA / ERCES systems. Today's BDA requirements can be directly traced back to the 9/11 Commission report, where it was determined that the FDNY's radio system was not well suited for communications within high-rise structures.

How appropriate that on the very day we honor the lives lost on and because of the Terror attack on 9/11, the Integration Association of Florida will host a town hall meeting with many of South Florida's leading Fire Departments to talk about this very issue. In this event, we will have representatives from the Radio Departments for City of Miami Fire Rescue, Miami-Dade County Fire Rescue, City of Coral Gables Fire Department and the Key Biscayne Fire Rescue Department discuss each department's specific approach to the implementation of BDA / ERCES Systems in their jurisdictions. Topics will cover, pre permitting preparation & testing, installation and commissioning expectations, as well as ongoing inspections and re-certifications. The Session will conclude with a very generous time for Questions / Answers from the audience. If you or your company is in the BDA business, you don't want to miss this event!

We hope you can make it!

Registration is FREE for IAF Members and only \$25 for non-members!

2026 IAF Annual Convention!

Rosen Plaza Hotel

9700 International Dr.

Orlando, FL 32819

11:00 AM - 02:00 PM EST

Shannon Few, 5087259068

shannon.few@iaf-safe.org

The 2025 Annual Convention was amazing!!

View our Photo Gallery Here and Catch Up on all the Highlights from 2025 Here!

Please join 500+ electronic security and life safety industry professionals from across the Southeast to learn how to improve your business, network with industry influencers, and take part in memorable, entertaining events that are sure to build strong partnerships to move your business forward!

Attending the IAF Annual Convention Educational Program will provide you with your required 7 Hours of CEs for Florida State License Holder Renewal!! If you would like to earn your CEs at our Convention please be sure to register for the All Access Pass and attend the full event. Expo Only Registrants will not receive CEs.

You will learn from nationally recognized speakers and take back strategies, knowledge, and connections that will help you solve challenges including hiring qualified technicians, managing financials, and laws and rules you need to be aware of. 2026 will not only feature education for license holders needing to get their CEs, we are bringing back the Technician Training Track of sessions we successfully launched in 2025 along with a new Sales Training Track to help you empower your sales team to drive more revenue!

Catapult your business forward by staying ahead of the curve when you spend quality time with the leading supplier companies during the expo. Our expo floor is always buzzing with meaningful conversations in a highly efficient format that results in strong relationships!

PLEASE NOTE: Registration is reserved strictly for Security, Automation, Fire, and Electrical Integration Companies. Manufacturers, Distributors and Service Providers must become a Sponsor or Exhibitor to Participate in the Annual Convention. For more information on available Sponsorships and Exhibit Space please contact Caroline Murphy at Caroline.Murphy@IAF-SAFE.org or at 252-876-8680.
